

# KALEIDOSCOPE QUILT

LENGTH - 1 day to 2 days

LEVEL - Beginning to intermediate

Sewing machine needed

\*This is a great class for quilt stores to host if they carry an abundance of Sassaman fabrics

## WORKSHOP DESCRIPTION -

This workshop is for those of you who have collected Jane's colorful large floral printed fabric (by FreeSpirit) but haven't had the heart to cut into them yet.

Together we will explore dramatic special effects of rhythm, motion and light by arranging rows of symmetrical "fussy cut" triangles. Even though the piecing is quite simple, the interaction between the printed fabrics can create an illusion of sophisticated complexity.

Your friends will be impressed by your deceptively intricate quilt but really YOU WILL LET THE FABRIC DO ALL THE WORK! This is a great workshop for new quilters.
